

OmegaRx Pharmaceutical-Grade Fish Oil Concentrates

Eicosanoid Control Fast and Easy

Why are eicosanoids important for health?

Eicosanoids are “Super Hormones” that ultimately control these complex physiological systems:

- Nervous
- Cardiovascular
- Immune

All three systems require an appropriate balance of eicosanoids to operate at peak efficiency.

How do you achieve eicosanoid balance?

The fastest and easiest way to balance eicosanoid action is daily supplementation with OmegaRx pharmaceutical-grade fish oil concentrates.

OmegaRx Capsules

OmegaRx Liquid

Pricing for Health Care Professionals

OmegaRx Capsules (120 count)

1-11 bottles \$40.00/bottle
Case Lots (12 bottles) \$ 384.00/case (\$32.00/bottle)

OmegaRx Liquid (8 fl oz)

1-11 bottles \$ 62.50
Case lots (12 bottles) \$ 600/case (\$50.00/bottle)

Free shipping on all orders of \$500 or more

Manufacture of Pharmaceutical Grade Fish Oil Concentrates

To manufacture 1 kg of pharmaceutical-grade fish oil concentrate requires 100 kgs of health food-grade fish oil sold in supermarkets, drug stores, and health food stores. Producing pharmaceutical-grade fish oil concentrates requires state-of-the-art manufacturing capabilities to assure maximum EPA/DHA purity and concentration of long chain omega-3 fatty acids essential for eicosanoid modulation.

Step 1

Extraction of fish oil

Step 2

Winterization—remove limited amounts of saturated fats

Step 3

Absorption—remove heavy metals

Step 4

Preliminary Molecular Distillation—refining ‘touch up” to reduce pcb’s and cholesterol

Step 5

Oil conversion into ethyl esters

Step 6

Ethyl Ester Thermal Fractionation—remove additional saturated fats

Step 7

True Molecular Distillation—final refining to assure removal of all manmade pollutants such as pcb’s and long-chain monoenes

Step 8

Pharmaceutical-grade fish oil concentrates

Step 9

Quality Control—prior to packaging OmegaRx pharmaceutical-grade fish oil concentrates are subject to rigorous analysis and are certified by an Independent Laboratory for final certification before product formulation. We guarantee that our pharmaceutical grade fish oil concentrate products meet or exceed the following product specifications:

EPA	> 40%
DHA	> 20%
EPA/DHA	> 65%
Total W-3	> 75%
Total Polyunsaturated Fatty Acids	> 85%
PCB	< 10ppb/g

OmegaRx Liquids 8.0 Fl. Oz.

Supplement Facts

Serving Size: 1 teaspoon (5ml)
Servings Per Container: 45

Amount Per Serving	% Daily Value
Calories	40
Calories from Fat	40
Total Fat	4.5g 7% †
EPA (Eicosapentaenoic Acid)	1.8 g *
DHA (Docosahexaenoic Acid)	0.9 g *

† % Daily Value based on a 2,000 calorie diet.
* % Daily Value is not yet established.

INGREDIENTS: Pharmaceutical-grade fish oil concentrate, natural lime flavor and natural mixed tocopherols.

Manufactured exclusively for Sears Labs, Marblehead, MA 01945

OmegaRx Capsules (120 Count)
